Talking Books

The Next Generation of Read-Alongs

Thanks to a generous donation from the Friends of the Library, we are proud to offer VOX Books! VOX Books are the world's first audio books that live in print books. The permanently attached VOX Reader transforms an ordinary print book into an all-in-one read-along. There's no need for computers, tablets or CDs. Children simply push a button to listen and read, with or without headphones, and VOX Readers are charged using a standard micro USB cable. VOX Books combine outstanding picture books and non-fiction with audio recordings that capture children's attention and make learning and literacy development fun.

STORYTIME BREAK:

ENJOY WINTER WONDERLAND!

Music & Movement Storytime is on break for the month of January, but Winter Wonderland freeplay will take its place. We've taken some of our most popular programs, rolled them into one, and added a winter twist. If your children have enjoyed Imagination Town, Sensory Enrichment, or Brain Builders in the past, they will love Winter Wonderland! Music & Movement Storytime will return in February.

Saturday, January 11 at 10:30 am

Genealogy Name Droppers

Monday, January 13 at 10:30 am

Entwined Minds Book Club

Monday, January 13 at 1 pm

Open to all interested adults. Book for Discussion: *The Radium Girls* by Kate Moore. The Curies' newly discovered element of radium makes gleaming headlines across the nation as the fresh face of beauty, and wonder drug of the medical community. From body lotion to tonic water, the popular new element shines bright in the otherwise dark years of the First World War. Meanwhile, hundreds of girls toil amidst the glowing dust of the radium-dial factories. The glittering chemical covers their bodies from head to toe; they light up the night like industrious fireflies. With such a coveted job, these "shining girls" are the luckiest alive — until they begin to fall mysteriously ill.
